Letter No.B4-124-1503/58-57, dated 1-10-1958, from the Deputy Commissioner of Coorg, & Chairman, District Coordination Committee, Mercara, to the Chief Conservator of Forests, Bangalore.

Subject: Disafforestation of Forest lands at Chettalli for raising a fruit nursery -

---

It was brought to the notice of the Coorg District Coordination Committee at its meeting held on the 8th September, 1958 that action to raise a fruit nursery by the Horticultural Department at Chettalli is held up due to the fact that the area of 7.84 acres, which has been allotted for the purpose, has not been cleared of its tree growth. It was further brought to the notice of the Committee that the seedlings are ready for transplantation in this area and that it will not be possible to raise the nursery this year if the timber is not extracted immediately.

The Committee after discussion decided that the District Forest Officer, South Coorg Division may be requested to take immediate action and that the Chief Conservator of Forests may also be addressed in the matter. An extract from the proceedings of the meeting is enclosed for your reference.

As one year will be lost if the nursery is not raised during this year and as the seedlings are ready for transplantation and as the same cannot be used next year to achieve the required result, I request that orders in the matter for the immediate extraction of the standing timber on the area allotted may kindly be caused to be issued to the District Forest Officer concerned. I also request that orders for the disafforestation of the area may kindly be issued, if not already issued.
